As a registered nurse and past owner of a portable imaging company for the past 30 years, I **personally understand** the issues my clients face. My experience in clinical assessment as a nurse and in claims, compliance and business management as a past industry owner leads RCN Consulting Solutions to a high success rate in CMS audits for all MACS. I have clients in every MAC and work closely with CMS, Federal and State regulatory agencies.

*I will pull out all stops to achieve **only positive outcomes**- Ask my Clients!*
