#### Services & Expertise

- Federal Government Relations
- Health care

#### Education

- BA, Centenary College of Louisiana

Laura brings over a decade of legislative and health care policy experience in the House of Representatives to her position at Cornerstone. As a recognized thought leader in the health care field, she has delivered numerous speeches across the country to health and business clients and other large audiences.

For five and a half years, Laura served as professional staff on the Ways and Means Committee's Health Subcommittee. In this capacity, Laura was responsible for the Medicare Part A portfolio, providing policy direction for the Committee and advising Chairman Dave Camp and other Committee Members on issues affecting the nation's 6,000 hospitals, home health providers, skilled nursing facilities and all other post-acute care providers. Her legislative portfolio also included health IT, high deductible health plans and health savings accounts, flexible spending arrangements, Medicare secondary payer issues, and the health coverage tax credit given to unemployed workers through the Trade Adjustment Assistance program.

On the Committee, she worked with stakeholders, agency officials, and Senate staff in developing policy and analyzing the impact of regulations. She advised Chairman Camp and Committee Members on the Affordable Care Act (ACA), and the Medicaid, Medicare, SCHIP Extension Act, among other laws, including providing guidance on implementation of the laws. She was responsible for working with the Congressional Budget Office, General Accountability Office, and the Medicare Payment Advisory Committee (MedPAC) to advance Committee priorities within her extensive policy portfolio.

Laura was actively involved in the health care reform debate and was a key contributor to Chairman Camp's health care reform legislation, which became the Republican alternative to the ACA in the House of Representatives. Laura developed many significant Medicare and other health policy changes included in the Conference Report for the Middle Class Tax Relief and Job Creation Act of 2012 and the Trade Adjustment Assistance Act of 2011.

Prior to her work for Ways and Means, Laura served as a legislative assistant to Rep. Jim McCrery (R-LA). Laura currently resides in Fairfax Station, Virginia, with her husband and three growing girls.
